DP-1 Commerciai Pivoting Refrigerated Door

- B-s1-d0
- Value for money
- Easy installation

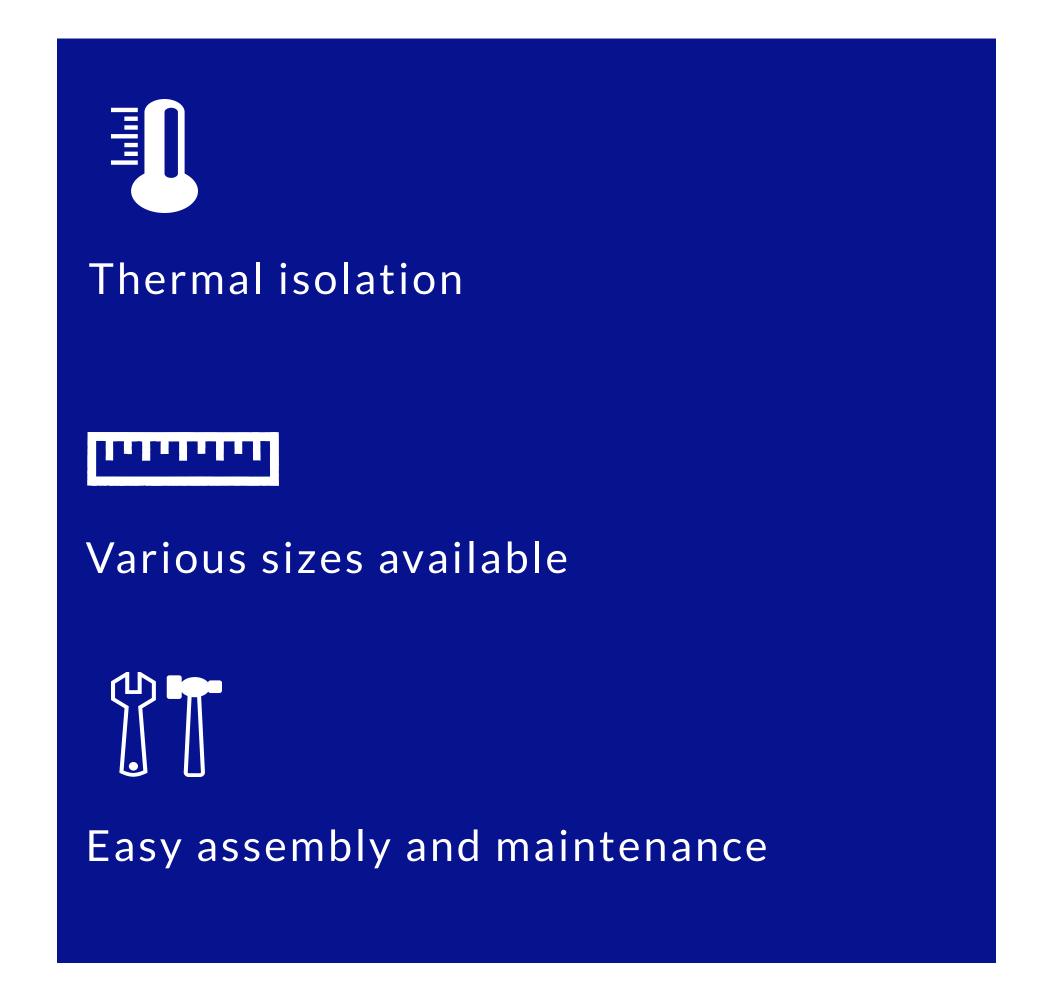

DP-1 Commercial Pivoting Refrigerated Door

Standard pivoting refrigerator door for storage and freezing installations.

The DP-1 Refrigeration Door is a high-performance door that presents high energy efficiency, specially designed for intense use. Its architecture is designed so that the user has to perform minimal maintenance.

Description

- The door includes a frame and counterframe in extruded aluminum with double thermal break. High resistance treatment fixed with hidden screws adaptable to different thicknesses.
- The use of high-quality materials and their design are designed so that the door has a minimum level of maintenance.
- The door leaf is made up of a refrigeration panel with polyisocyanurate (PIR) foam that gives the door a B-s1-d0 reaction to fire classification according to the EN 13501-1 standard.

DIPPANEL Doors stand out for:

- Quality of finishes
- Easy assembly and installation
- Adaptability to customer needs

Technical characteristics

FRAME

SIDEWALK

- **PROFILE**
- High resistance treatment
- Double thermal bridge break
- Fixed with hidden screws and adaptable to different thicknesses

White lacquered extruded aluminum frame and counter frame

- Reinforced aluminum profile, with housing for frost resistance (Low Temperature)
- High calorific resistance (temperatures down to -20°)

PROFILE

- High corrosion resistance treatment

Anodized extruded aluminum (stainless)

With thermal bridge break

ISOLATION

- Rigid polyisocyanurate (PIR) foam
- Reaction to fire classification: B-s1-d0

THICKNESSES

- 60mm (Cooling)
- 80mm (Freezing down to -15°)
- 100mm (Freezing down to -20°)

LOCK BURLETTE

- Galvanized steel and white lacquered RAL 1006
- Sheet thickness 0.6mm
- Very flexible, double-celled and resistant to negative temperatures
- Composite hinges, regular, with lifting ramps and stainless steel shaft

OPENING

- Composite closure, incorporated in sheet with a pressure point
- Push-button interior lever with reflective markings
- Easy opening and closing, specially designed for the commercial sector
- Stainless steel

SCREWS

OPTIONS

- Key lock with interior unlocking. Possibility of the same key for several doors
- Lower area blade protection in 5mm checkerboard aluminum, stainless steel or polyethylene
- Fixed visor with "Climalit" type glass
- Various finishes in lacquered sheet of various colors, stainless steel, PVC, Polyester, imitation wood, etc.
- Frame with chapel for passages of aerial channels
